### FOUNDER OF FARANG MU SUL®

Grand Master De Alba has developed the martial art of De Alba System of Modern Farang Mu Sul®. This roughly translates as "The Fighting Art of the Modern Warrior". Modern Farang Mu Sul® is an amalgamation of various arts in Grand Masters' repertoire, but traces it's main roots to four versions of "Classical Hwa Rang Do". Some of the main distinguishing aspects of Modern Farang Mu Sul®

are it's focus on practical self defense and it's progressive approach to improvement of the art and the individual student. Grand Masters'

specialties include conventional and unconventional weapons as well as CQC (Close Quarter Combat). His teaching methods reflect a diversity of skills with a definite focus on effective self defense and

character development.
